SELECTMEN'S REPORT

We feel the year 1973 was exceptionally eventful for the Town of Nottingham. Along with regular town business, the following objectives have been met:

In May, the Selectmen signed a contract with O'Donnell Associates of Topsham, Maine to make a tax map of the town. Work on this project is well under way and planned for ccompletion in January 1975.

At a Special Town Meeting in June, it was voted to develop a solid waste management system. With a contribution of $25,000.00 from Recycling & Conservation, Inc., of Kittery, Maine, along with hundreds of cost free manhours, and with the help of many resourceful citizens of the town, we have enacted this program. Construction of the system came under the budget proposed to the town in June 1973. We do not expect this program to pay for itself in 1974, but forsee a significant cost reduction as the program continues.

Our dump site was surveyed and found to contain 40 acres. This survey was necessitated by the State's failure to approve a land fill area at our present dump, and to locate a site for our new recycling plant. The timber on the dump property was put out for bid and sold to J.E.F.F. Co. of Nottingham.

In May, a library construction committee was formed. With a gift of $30,000 from the estate of Mrs. Charlotte Blaisdell of Nottingham, and a donation of $3,000.00 to be received from the Nottingham Historical Society, the new town library is now a reality.

In August, we decided to improve and strengthen the town's insurance coverage. By consolidating existing policies into one "blanket" policy, the town now has greater coverage on all town owned property at an improved cost. Bids

were received from three agencies. As of January 1, 1974, the Perkins Agency is holder of the blanket policy.

The upstairs room in the Town Hall was rejuvenated with paint and heat.

The Selectmen attended the annual meeting of the Pawtuckaway Lake Association. We answered many questions these summer residents have about the town.

The Walters Snow Fighter truck was sold to the highest bidder after being deemed economically irrepairable.

A list was compiled of all dog owners who did not obtain licenses for their dogs. This list was submitted to the Police Department which was suppose to request, in person, that the owners correct the dog's standing. The police Department failed to follow through in this matter.

The Town Honor Roll Bid was awarded to John Cole of Exeter as low bidder. The stone has been designed, built, and awaits installation this Spring.

Letters have been sent out to property owners concerning junk cars. Most have cooperated and removed them within the designated time.

As special objectives for 1975, the Selectmen would like to see:

A. Improvement on existing town tarred roads and camp roads.

B. Establishment of a year round recreational program for children.

C. More improvement made in the area of documentation and record keeping on all town activities.

D. Establishment of a regular program for keeping the citizens informed on town affairs.

E. The Town Hall restoration program finished.

This year the town report lists all gross property tax assessments for 1973. Although it was not voted by the Town to do this, we feel that it should set a precedent for future reports so that in the final analysis, the tax assessments for all are just.

With regret, we accepted the resignation of Mr. John W. Clark in April due to ill health. We thank Mr. Clark for his contribution to the town throughout his years as Selectman.

In closing, we would like to thank the citizens of the town and especially the committees who served so willingly to help the Selectmen.

ROAD AGENT'S REPORT

For the Year Ending December 31, 1973

The winter was mild, with few snow storms. Because of a quick thaw, the Spring months brought very muddy roads. An estimated 2,000 yards of gravel were applied to all dirt roads; to put them in passable condition. Grading was done on these same roads.

During the Summer months, bankings on the following roads were cut back to improve drainage: Stevens Hill Road, at Mrs. Hickey's; Flutter Street, Ledge Farm Road, Hall Road, at Steve Chase; Cooper Hill Road, and the McCrillis Road, below the Alfred Fernald Bridge. A guard rail was put up along North River, on the McCrillis Road.

Brush was cut at the entrances of the Pond Roads, and other roads for better visability at these approaches.

The following roads were seal coated: Stepping Stone Road, Smoke Street, Flutter Street and from 152 on the Dump Road to Gebig School.

The T.R.A. monies were spent cutting the bankings on Smoke Street from Route 4: 2,500 feet. The distance was also graveled.

The Highway Department wishes to thank the Selectmen and the Town's people for their cooperation.

Respectfully submitted,

EBEN H. SMITH
Road Agent

ANNUAL REPORT OF LIBRARY TRUSTEES

The Nottingham Public Library continues to add many new books to its shelves, and with the increase in population of the Town the circulation record goes up.

We are pleased to report that at the end of the year 1973 the new Charlotte Blaisdell Memorial Building, which was started in the late fall, was well on the road to completion. This building will be an asset to the community.

FIRE CHIEF'S REPORT

The Nottingham Volunteer Fire Department had very few calls the past year for which we were fortunate. The department answered nine calls in 1973, three were structual, two chimney fires, one gas water heater, one car fire, and two automobile accidents to wash down gasoline. We also had a few grass fires and two forest fires.

Mutual Aid calls went out to the Durham Fire Department, Raymond, Deerfield, Lee, Newmarket, and Northwood Volunteer Fire Departments, also I would like to thank the Northwood Department for answering a chimney fire and taking care of it for this department.

To report a fire dial 679-5757, give name, location, and type of fire.

Fire Chief Gary Chase 679-5936

Any outside burning you will have to contact John Fernald, Sr. at 679-8802 he is our Forest Fire Warden in Nottingham.

The department held its elections in May with the following results:

Chief: Gary Chase
Deputy Chief: Robert Harmon, Sr.
Captain: George Myers
First Lieutenant: John Fernald, Jr.
Second Lieutenant: Ronald Chase, Sr.
Third Lieutenant: Gardner Bemis
Secretary: Thomas Chapmen
Treasurer: John Fernald, Jr.

I would like to thank all who donated both time and services which helped make our Fourth of July Celebration a big success.

The meetings are held the first Tuesday of each month. This is your department, it is open to anyone and you are welcome to belong or just to come and visit. We are in need of more active members, if interested please contact anyone of the officers or feel free to join us at our next regular meeting.

I would like to take a moment to ask the Town of Nottingham citizens to vote yes for the special article in the warrent. This article will replace the old radio system which other towns and the Mutual Aid have done, I think we are the only town that hasn't in this Mutual Aid area. We were the first town to have recycling lets not be the last to have a good protecting fire department. We had one bad structual fire which we called Mutual Aid by telephone to Durham which is our Dispatch Center, when the trucks left their stations that's when we lost radio contait, until their arrival at the scene. These emergency vehicles have the new F.M. Radios frequence which I hope you will vote for your Fire Department.

GARY CHASE
Fire Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

REPORT OF THE PLANNING BOARD

The past year has been uneventful with only the usual building permits and many small two or three lot subdivisions.

During the summer the Planning Board changed its meeting place to the Town Hall. The upstairs room has been renovated and gives the Board a permanent place for files, plans, etc. The meetings are still the third Thursday of each month at 8 p.m.

The Board has posted and held two public hearings on proposed changes to the zoning regulations. Although the first hearing was held as requested by you, the voters, on the first Friday in December, still no one other than the Board members and the building inspector, came to the hearing.

There still exists some doubt as to whom to contact to receive information concerning zoning and subdivision regulations. All the regulations are available at the Town Hall or from Planning Board members. A request during a Planning Board meeting or a telephone call to a member will get you the information. It is important to you and to us that you contact the Planning Board when you are planning to build or subdivide. Many times there are possible problems, needed approvals, or regulations that you would not be aware of until you read the zoning and subdivision booklets and/or talked to the Planning Board.

The present Board members are:

Thomas Sweeney, *Chairman*	942-5274
Chester Batchelder	679-8636
Robert Carlson	679-8725
Peter Witham	679-8603
T. Ann York	679-8820

REPORT OF THE CONSERVATION COMMISSION

During the past year the Conservation Commission cleared land to make room for sand that was put down to enlarge the beach area and improve the existing beach. Logs and other materials were obtained to make a barrier in compliance with State Laws to make the swimming area safe from motor boats. Acceptable measures are still being looked into to keep cars off the beach.

The Conservation Commission was encouraged by the designation of Poor Farm Road and Ledge Farm Road as Scenic Roads and is looking at Gile, Kennard, Mitchell, Stevens Hill, and Case Roads for approval at the next Town Meeting.

The Commission is presently doing research on Class Six Roads for recreational purposes.

Some of the other things the Commission did in the past year was mark trees for saving at the Library Site, responded to owners requests to look over land for best use in watershed areas, planted trees and tulip bulbs, and is working on compiling a list of open lands.

The State Legislature has given Conservation Commissions the power to hold Public Hearings on proposed Dredge and Fill operations if the Commission feels it is necessary.

The Conservation Commission members wish to thank everyone in Town who helped with the various Commission Projects.

The Conservation Commission meets the fourth Tuesday of each month. Visitors are always welcome.

REPORT OF THE CHIEF OF POLICE

The following report of activities is hereby submitted by the Nottingham Chief of Police for the year ending December 31, 1973.

I would like to take this opportunity to thank Officers William Pevear and Gary Chase for their faithful service throughout the past year.

During the past year we received one mobile radio and a base radio through the third phase of the Governors Commission on Crime and Delinquency. We also purchased two sets of blue lights and roof racks to replace the ones we had as they were worn out.

If you are unable to reach any officer at his home, you may call 772-4716 or 1-800-582-7177 which is a toll free number, and they will contact us by radio. This saves a great deal of time and in case of an emergency you can always be sure of immediate assistance.

In the year 1973 we answered 395 complaints.

There were 31 automobile accidents investigated, also 30 breaks, 10 vandalism cases, 2 stolen automobiles and 2 stolen snowmachines. There were 10 missing or lost persons and 5 death messages were delivered.

We worked with the New Hampshire State Police on narcotics in Nottingham and the surrounding area and attended court regularly.

A total of 1749 actual man hours were used in providing police coverage to the town during the year and a total of 20,841 miles were traveled in the performance of police duties.

ANNUAL REPORT

RURAL DISTRICT HEALTH COUNCIL

January 1, 1973 thru December 31, 1973

The Rural District Health Council became of age during the past year. The organization has separated from the Portsmouth Rehabilitation Center and is now an independent certified Home Health agency supplying comprehensive health services to its member towns. In March, the towns of Farmington and Milton voted to join the Rural District Health Council, so the number of people covered by the organization was expanded to 14,257. The Board of Directors voted to move the office from Portsmouth to Farmington and this was accomplished on April 15, 1973.

As a result of expansion and relocation, our staff has grown to six nurses, a physical therapist and a secretary-bookkeeper. The staff nurses employed by the agency include Mrs. Cynthia Blood, Agency Supervisor; Miss Arlene Thorne who has worked faithfully and tirelessly since the program was initiated; Mrs. Ardala Houle who is now coordinating patient referrals in the area hospitals and nursing homes, and also coordinates the Well Child Clinics; Mrs. Barbara Drew who is well-known in Farmington where she has been the visiting nurse for many years; Mrs. Myrtle Walsh of Milton who has been active in nursing in the area and joined the staff on May 1st; and Mrs. Lucy Myers of Deerfield, a newcomer to the area who has had previous visiting nurse experience. Mrs. Kathleen Hansen, a registered physical therapist, has a fine varied background in her field. Mrs. Norma Davis is a very capable secretary-bookkeeper who handles much of the office detail.

The value of home care becomes increasingly evident as indicated by the size of the morbidity case load. Three Well Child Clinics are held monthly with several extra clinics

scheduled throughout the year. These are sponsored by the Council in cooperation with the N.H. State Department of Public Health. An addition to the clinic program this year was a Dental clinic for children from 3 to 6 years who were enrolled in the Well Child clinics. This was possible through the cooperation of the N.H. Bureau of Dental Public Health, Division of Public Health. A total of 227 children participated in this program.

The Strafford County Prenatal and Family Planning Clinic has expanded its area of coverage and the Rural District Health Council works very closely with this group making home visits to all of the patients from the area enrolled in the clinic. The Council is also involved with the Exeter Area Family Planning Clinic.

The Seacoast Regional Counseling Center in Portsmouth has developed an Aftercare Program for Rockingham County to do follow-up for patients being seen at the Center and also patients being discharged from the N.H. State Hospital. The Rural District Health Council provides the nursing care for patients being treated from member towns. The Strafford Guidance Center is currently planning a similar program for Strafford County and the Council is represented on the planning committee for this service.

The Council is represented on a steering committee planning for Homemaker-Home Health Aids services for Strafford County. It is hoped this much needed service will be available in the coming year.

The Rural District Health Council worked in cooperation with the Milton Community Health Service in providing Tuberculosis screening, Hearing and Vision screening, and Diabetic screening which were well received by area people.

The Rural District Health Council has been supported by the funds contributed by the member towns at an annual

rate of $1.00 per capita, state grants and fees for service. Any one interested in the program or needing service is asked to contact the office in Farmington, P.O. Box 563, 6 South Main Street, Telephone 755-2989.

LIBRARY BUILDING COMMITTEE REPORT

The following people were asked to serve on this committee: Eleanor Russell, Frederick Forte, Richard Bengston, Joseph Davis, Robert Carlson and T. Ann York. They were to work with the three selectmen Philip Fernald, Peter Witham and Roger Bevins, in complying with the will of the late Charlotte Blaisdell, who bequeathed the Town of Nottingham, N. H. ($30,000.00) Thirty thousand dollars to build a Town Library. Also asked to attend meetings were Library Trustees Florence Kelsey and Janice Chase.

The committee held approximately fourteen meetings during the last year. The first meeting was held January 24, 1973, at which Robert Carlson was elected chairman and T. Ann York secretary. This was the beginning of many long hours spent deciding where to pick a site to acquire the land of the site, to pick a location on the site, to choose type style and size of the building.

Finally bids were sent out in September 1973 and opened Sept. 19, 1973. Five bids were received as follows:

1.	Pepin Bros. Construction Co., Concord, N.H.	$82,098.00
2.	A. E. Bowels, Dover, N.H.	69,627.00
3.	Pat-Andy Construction Co., Rochester, N.H.	61,299.15
4.	Henry E. Bourbeau Inc., Manchester, N.H.	57,300.00
5.	Greenville Construction, Milford, N.H.	55,890.00

All bids were way over the amount we had available. We decided to meet with the low bidder, Greenville Construction of Milford, N.H. to see what could be done. The size of the building had to be cut and all of the inside furnishings eliminated. The price now was $35,312.00 We were still short of funds, including the interest we had received on the original $30,000.00. Many thanks to the Nottingham Historical Society who came to our aid and donated $3,000.00.

A contract was signed November 15, 1973 with Greenville Construction of Milford, New Hampshire.

The building is now reaching completion and we hope will be opened in the near future. Funds are still needed for stacks and furnishings. We have asked for money in this year's budget. An affirmative vote from you, the townspeople is badly needed and would be greatly appreciated.

Many thanks to the committee for their time and fine cooperation.

Respectfully submitted,

T. ANN YORK, *Secretary*
ROBERT CARLSON, *Chairman*

STRAFFORD REGIONAL PLANNING COMMISSION -- ANNUAL REPORT 1973

The Strafford Regional Planning Commission (RPC) was created in agreement among the cities of Dover, Somersworth, and the Town of Rollinsford in 1968. The Town of Durham joined the Commission in 1969, followed by Madbury in 1970, Newmarket in 1971, Lee in 1972, and Nottingham in 1973. The Towns of Barrington, Farmington, Middleton, Milton, New Durham, Strafford, and the City of Rochester are not dues-paying members. The geographic area of these 15 towns and cities as 450 square miles, with a 1970 population of 76,924.

The structure of the SRPC provides for coordination and integration of multiple Local, State, and Federal programs. The Commission is established in accordance with Chapter 36: 45-53, New Hampshire Revised Statutes, Annotated. Governor Walter Peterson, in May of 1972, issued Executive Order #15, establishing a system of Planning and Development Regions, which combined the previous 17 Planning Regions into 6 regions. A special committee composed of representatives from the Strafford Regional Planning Commission, the Southeastern Regional Planning Commission, and the Southern Rockingham District Commission have been meeting regularly in order to suggest methods to comply with Executive Order #15.

Some of the major work efforts for the 1973 Calendar year include:

- The hiring of two fulltime professionals who carry out the work brought before them by the Commissioners.
- Review and evaluation of fourteen (14) applications of towns, cities or agencies, representing eight million, four hundred and twenty-four thousand, one hundred and fifty-nine dollars ($8,424,159.00) through the S.R.P.C. Notification and Review (A-95 System).

- Increasing cooperation with the Southeastern and Southern Rockingham Regional Planning Commission as evidenced by:
- Publication of the Tax-Mapping Guide, which provides background material for Town and City officials, on which they can base their decisions relative to the subject of Tax-Mapping.
- Preparation of a Regional Housing Study, which consists of an inventory of housing availability and potential demand, including an examination of legal factors and attitudes which affect housing supply.
- Preparation of a Regional land use plan which should serve as a guide for local, county, and other public officials in their long-range planning, and in their day-to-day management activities.
- Suggested revisions to the Building Code and prepared a revised Subdivision Ordinance for the Town of Nottingham.
- Prepared a population, housing, and land use analysis for the Town of Newmarket to use in their Town Plan.

Financial support for the Commission is divided approximately equally between local member communities and the Federal Government. The audit for FY 74 was not completed in time to be included in the printed report. The auditor's report will be available at the Regional Planning Office for inspection by any interested citizen during office hours. More detailed reports of the past year's activities and expenditures and the anticipated plan of work and budget for Fiscal 1975 are available at the Commission office in Dover.

One of the goals for 1974 is to have more citizen participation in the planning process. Your Commissioners welcome any inquiries.

NOTTINGHAM SCHOOL DISTRICT WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Nottingham qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 1st day of March 1974, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.

2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

3. To choose agents and committees in relation to any subject embraced in this warrant.

4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.

5. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or state agencies.

6. To see if the district will vote pursuant to RSA 31:105 to provide indemnification for district employees, school administrators, school board members, district officers or agents from personal loss or expense including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgement by reason of negligence or other act resulting in accidental injury to a person or accidental damage

to property providing the indemnified person was at the time of the accident acting within the scope of his employment or office.

7. To see if the district will vote to raise and appropriate the sum of $1,000.00 for a contingency fund as provided by the New Hampshire Revised Statutes Annotated, 196 4B.

Mrs. Jean Fernald	School Nurse
Mrs. Catherine McDermott	Secretary/Aide
Mr. Benjamin DeButts	Custodian

In addition to the above, Nottingham is cooperating with Northwood, Strafford, and Barrington in taking part in a learning disabilities program under the provisions of the Elementary and Secondary Education Act, Title I. A cooperative committee has developed and is operating a program for the learning disabled child in the above districts. Two certified teachers, Mrs. Anne B. Grabowski and Miss Charlene Davis, have been employed to work with these

children. In addition, the committee has recently authorized the employment of a speech clinician, Mrs. Margaret Demers.

The enrollment by grades in the Nottingham Elementary School at the start of school was as follows:

Grade	1	2	3	4	5	6	7	8	Total
Enrolled	33	23	18	23	22	20	26	28	193

In addition, there are three children enrolled in the Epping Elementary School at $589.00 each, three pupils at the Great Bay School and Training Center, and one at the Manchester Rehabilitation Center. These pupils are tuitioned at the state average tuition.

Nottingham pupils attending secondary schools outside the district are distributed as indicated below.

	Grade					*Tuition*
School	9	10	11	12	*Total*	*Rate*
Coe-Brown Academy	4	4	1		9	$ 931.00
Dover High School	12	14	19	11	56	995.00
Raymond High School	1	1	1	1	4	931.00
Totals	17	19	21	12	69	

Another matter of importance to the voters of the district is the possible effect of recent legislation on the operations of the district. To this end, a brief review of new laws and changes which are of significance is presented.

Legislation having to do with handicapped children. The school district has been made responsible for the education of handicapped children from the time of birth until these children reach the age of twenty-one. Previously, it was responsible only after the child reached age five. The tuition

liability for these children is limited to the state average cost, although current advice indicates that the district may pay more should it wish to do so. Districts are liable for transportation when a handicapped child reaches age four. Since handicapped children are learning disabled to a greater or less degree, the statutes now permit the employment by districts of learning disabilities teachers, the certification requirements of these teachers having been established by the State Board of Education. Another handicap which has been much in the news is that of children with kidney disease. A law has been passed to make the state responsible for the payment for the care and treatment of children with end stage kidney disease.

Legislation which has an effect on school finances in general. A number of districts in the state have reconsidered rejected bond issues immediately upon their defeat. This is no longer possible because at least seven days must elapse before a vote of reconsideration may be taken, and notice of the reconsideration must be published in a newspaper at least two days before the new vote. Each school, if it does not already, must make a lunch or breakfast available for pupils. No waiver beyond September 30, 1979 will be granted. This could cost money for equipment or facilities, as well as labor. Even though the dual enrollment program has been pretty well defeated by court actions, the child benefit program has not been ruled out, and a number of new benefits, such as driver education programs, educational television, lunch programs, have been made eligible. In order to place the sweepstakes program on a fiscal year, rather than a calendar year basis, sweepstakes benefits will be paid in September, instead of December. The first year of this operation will reduce the payment by one third, as a result as only eight months, not twelve, will have elapsed. If a foster child is placed by a state agency in a district other than the child's original home, the new district will receive a sum of money, presently $200.00, toward the pay-

ment for the child's education. When students attend a vocational program in an AREA vocational high school, such as Dover Vocational, which is not the usual high school for the district, districts which do not maintain high schools will be responsible for tuition up to the amount the high school of regular attendance, or the state average cost, whichever is higher. In the past, districts which tuitioned high school students to other districts have been responsible for tuition only up to the state average cost. Under the new law, districts must be responsible for whatever the receiving public high school charges, unless there is a contract calling for a different payment. The state average for high schools this year is $931.00, but some high schools in the state charge as much as $1,200.00 for tuition, the difference being the responsibility of the parents.

Additional programs which the schools must provide. The legislature added two more programs which school districts must include in the school curriculum. One is a mandate to provide instruction in the venereal diseases, which have become epidemic in New Hampshire, and the other is to provide instruction in nutrition education to be incorporated in the regular course of instruction.

Legislation effecting the operations of school boards and districts. Under the "right to know" law, any official who refuses a citizen access to a public document is personally liable for attorney's fees if a court order supports the citizen. School districts may adopt the absentee ballot when the Australian ballot is in use in that district, but if adopted, candidates must file at least thirty days before the election. This requires an article in the warrant. Immunity from civil suit has been granted to school board members for action taken in a legal school board meeting. A school district may vote at a district meeting to indemnify any official employed by it while acting in his/her official capacity for loss or damages resulting to them personally. The District *shall* indemnify its employees and officers acting in their

official capacities when a suit involving civil rights is involved. The district may purchase insurance to cover its expenses in the actions mentioned above. There must be a warrant article to cover this expense if the district decides to purchase insurance.

There were, of course, other actions taken by the legislature, some of which effect all districts, and some of which effected particular districts, but, it appears that those of general interest have been summarized above.

In closing, we would like to express our appreciation for the cooperation we have received from the citizens, the school board members, the pupils, and the staff.

Respectfully submitted,

CHARLES H. MORGAN
Superintendent of Schools

REPORT OF THE NOTTINGHAM SCHOOL BOARD

With the school population constantly growing, the School Board is striving to keep abreast of the rising needs of the student body and faculty.

Our entire staff of teachers plus another full time addition returned to Nottingham this year and continue to produce their outstanding skills in making our school one the town can be proud of.

This past school year has seen the initiation of a learning disabilities program under the Title I Special Services Program to help those students with learning problems. Programs in music, art and speech have lent themselves to the betterment of the school program as a whole.

Hot topping of the school yard, rejuvination and placement of equipment for the benefit of the school children has been completed.

A health program for our students in personal hygiene and nutrition has been introduced in our school this year in cooperation with the school nurse.

Transportation difficulties in busing of students to Great Bay School has been resolved with the contracting of a qualified registered nurse who transports those in attendance at Great Bay.

Once again the Board has made arrangements for a contract with Dover High School for the attendance of our high school students next year.

The effect of the energy crisis has been felt by all of us. The Board is glad to report that the school is doing its part to conserve on heat and days off will be called in extremely cold weather in order to help defray the high cost of heating oil.

The Nottingham School Board continues to strive in its endeavers to serve in the best interest of the community for educational progress.

Respectfully submitted,

RICHARD FERNALD
CHARLES CHAMBERLAIN

PRINCIPAL'S REPORT

The Nottingham Elementary School has progressed and changed with the growing needs of the school and community. The 1973 school year brought with it improvement, and repairs, as a direct result of the schools growth.

Each classroom received a metal storage cabinet. Three new tables were added in order that each room would have one to be used for reading, displays, etc. The art teacher received a cart which enables her to wheel supplies from room to room.

The playground equipment was moved to the far end of the new wing. At that time, we also replaced the swing seats and purchased a bicycle rack. Two basketball backstops were provided for the older children and it might be added here, that they were thoroughly enjoyed until the first snow.

A learning disabilities teacher has been added to our staff. She is with us three days a week and provides a much needed service to the school, in that she deals with the special learning problems that might otherwise be overlooked.

We also have the services of a speech clinician one day a week.

The administration appreciates the work done by all during 1973. We hope to continue along the same lines endeavoring to meet the needs of a rapidly growing community and maintaining a cooperative effort aimed at educating children.

Respectfully submitted,

CHARLES KARACAS
Principal

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

During the year 1972-1973, the routine Health Program was carried out. Each student received a Audio and a Visual Screening. Each received a general physical examination. Parents were notified of an existing problem, if such was found.

The immunization records of grades 1-6 were brought up to date, under the recommendations of the State Department of Public Health. Clinics were held in March and June, with Dr. Sylvia Kennedy, of the Exeter Clinic staff in attendence, assisted by the Nurses from the Rural District Health Council. Immunizations were as follows:

1. Measles Vaccine
2. Oral Trivalent Polio Vaccine
3. Diphtheria, Pertussis & Tetanus
4. Rubella

All school personnel and employees were given T. B. test as authorized by the State Tuberculosis Health Department.

Health Education films were shown on Dental Care, Nutrition, Physical Fitness and good grooming. The Girls in grade 5 were shown the film, "The Story of Menstruation."

Referrals were made to the following:

1. Exeter Clinic
2. Rural District Health Council
3. New Hampshire State Welfare
4. New Hampshire State for Visually Handicapped
5. Exeter School Counselling Service
6. Portsmouth Rehabilitation Center
   Counselling and Testing Service

Home visits were made when indicated.

I wish to thank Mr. Morgan, the School Board, the Principal and Staff, and the Parents for their cooperation.

Respectfully submitted,
JEAN B. FERNALD, R.N.
School Nurse

REPORT OF THE TRUANT OFFICER

To the Superintendent of Schools:

The 1973 School year presented several known absences from School, which were known truancies. All were taken to School, and the parents notified.

Letters to parents were delivered as authorized by the School Board.

Respectfully submitted,

JOHN T. FERNALD
Truant Officer
